Join Us at an Event

The MBTA, City of Lynn, and the Department of Conservation and Recreation (DCR) are working to make the Lynnway corridor safer, more accessible, and more connected.

We invite you to attend one of our events this spring to learn about the draft design for the Lynnway and provide your feedback. You will learn about how the project will make the road safer, improve bus service, modernize traffic signals, and improve the public realm for pedestrians and cyclists.

All four open houses will have the exact same information – please choose the one that is most convenient for you. Can't make it in person? You can join the virtual public meeting or provide feedback online (coming soon).
